A REGISTRATION FORM CAN BE FOUND ATTACHED TO THIS NEWSLETTER

LEARN TO SEW

If you're an absolute beginner who is keen to find out how to use a sewing machine, from threading it, sewing straight lines, to sewing a useful phone stand and beach bag, then you will love every minute of this course.

Once you have the basics, you will be able to teach yourself how to make other garments.

If you don't have your own sewing machine, it is not a problem, you can hire one from Colleen for R80 (for the whole course).

Format: Hands-on Workshop

Presented by Colleen Mick

Wed 6 July & Fri 8 July 09:00 - 13:30

Cost: R590 + R75 for kit = R665 (please add R80 if you will be hiring a machine).

REVERSE TIE & DYE

Reverse tie & dye designs are done on black or a dark coloured cloth. No liquid dyes are used in this method. Diluted bleach is used to remove darker tones to create a design.

Please bring your own black t-shirt along, the other course materials will be provided.

Format: Hand-on Workshop

Presented by Saroj Shukla

Tuesday 5 July 09:00 - 13:00

Cost: R200 + R80 (kit) = R280

CUPCAKE WORKSHOP

In this fun course, you will learn how to make cupcakes from scratch and decorate them to create your own masterpieces, which you will take home.

Format: Hands-on Workshop

Presented by Annah Mamhende

Monday 4 July 09:00 - 12:00

Cost: R250 + R80 (kit includes 6 cupcakes and all frosting & embellishments) = R330

COOKING SPAGHETTI BOLOGNAISE

What can be more fun than learning to make this meal, which is a family favourite! You will make a meal for 2 in this workshop, but once you know how to do it, you will easily be able to make it at home for the whole family.

Format: Hands-on Workshop

Presented by Annah Mamhende

Wednesday 6 July 09:00 - 12:00

Cost: R250 + R100 (ingredients) + R350

MAKING CHICKEN WRAPS

Add chicken wraps to your repertoire of meals which you can make. They are healthy, easy to make and delicious to eat!

Format: Hands-on Workshop

Presented by Annah Mamhende

Friday 8 July 09:00 - 12:00

Cost: R250 + R120 (ingredients for 2 wraps) = R370

METAL TAPE A4/A3 RELIEF ARTWORK

In this exciting workshop, you will prepare a metallic artwork using some simple relief techniques. You will use a variety of tools to create a texture in the background and will colour certain areas of the work. Once the artwork is complete, it will be varnished. It will make a perfect cover for your journal, or an artwork in its own right!

Format: Hand-on workshop

Presented by Saroj Shukla

Thursday 7 July 09:00 - 13:00

Cost: A4 size: R250 + R100 (kit) = R350

A5 size: R250 + R150 (kit) = R400

Please choose either A4 or A3 and indicate that on your registration form.

Please don't forget to
bring a snack along &
wear a mask

GILDED EDGED RING BOWL

You will use self-drying clay and a slab method to create a ring bowl. Texture-making tools will be provided to create patterns on your bowl. Once the bowl is marked with textures and patterns, it will be left to dry for a week. In session two, you will paint, gild, and varnish the bowl.

Format: Hand-on workshop

Presented by Saroj Shukla

Monday 4 July & Friday 7 July 10:00 - 12:00

Cost: R200 + R100 (kit) = R300

GETTING TO GRIPS WITH THE COMPUTER

Do you want to learn how to use the computer with confidence? In this hands-on course you will learn how to:

- Use all the functions of the keyboard and mouse;
- Create/type documents using MS Word;
- You will look at where to store things on the computer so that you are able to find them again later;
- Use a flash drive, memory card and other input devices.

By the end of the course, you will have enough confidence to use your computer for everyday tasks.

Please note that you will not need to bring a computer along, since you will be using the computers in our Computer Lab.

Format: Hands-on Workshop

Presented by Cedric Goliath

Tues & Thurs 5 & 7 July 09:00 - 13:00

Cost: R650

CODING WITH PYTHON FOR BEGINNERS

If you would like to try your hand at coding, then you will love this course! No programming background is needed, You will have fun learning to code with Python and challenging yourself to think like a computer programmer! By the end of this course, you will be able to write a basic program using Python.

Please note that you will not need to bring a computer along since you will be using the computers in our Computer Lab.

Format: Hands-on workshop

Presented by Octavia Chidiyiwa

Wednesday & Friday 6 & 8 July 10:00 - 12:00

Cost: R450

```
change frame, redraw view
moveTime = c4d.BaseTime(fromTime, docFps) + c4d.BaseTime(n, docFps)
doc.SetTime(moveTime)
c4d.EventAdd(c4d.EVENT_FORCEDRAW)
c4d.DrawViews(c4d.DRAWFLAGS_FORCEFULLREDRAW)

# progress bar
c4d.StatusSetText("Exporting " + str(x) + " of " + str(animLength))
c4d.StatusSetBar(100.0 * x / animLength)

# add buffer 0001
bufferedNumber = str(doc.GetTime().GetFrame(docFps))
if len(bufferedNumber) < 4:
    for x in range(4 - len(bufferedNumber)):
        bufferedNumber = "0" + bufferedNumber
```

SMARTPHONE PHOTOGRAPHY - GET INSTAREADY

Smartphone and iPhone cameras are so sophisticated nowadays that you will be amazed at the fantastic photos you can take with your phone! Julian Goldswain, an award-winning professional photographer will share the tips and tricks involved with taking good photos on your mobile device and then editing the photos using Lighroom Mobile.

You will need the following free aps downloaded on your phone: Lightroom Mobile and Instagram.

Format: Hand-on Workshop
