MATRIC VISUAL ART EXHIBITION 2022

Another FIRST for Bergvliet High is happening in October and we want you all to Save the Date. We are thrilled to announce that, for the first time ever, the Matric Art Expo will be held at the Blue Route Mall from 18 October until 23 October. We are inviting the whole school community to visit the exhibition between 9am and 7pm daily. This is an incredible opportunity for our young aspiring artists to showcase their work to a much wider audience than usual.

Let me explain why we are doing this. Over the years our Music, Dance and Drama departments have been able to showcase their talents at world renowned venues such as the Baxter, Artscape, the Waterfront Amphitheatre and Grand West Grand Arena. Imagine performing in front of 5000 people at the Grade Arena!! Not only did our Music department do this but they also walked away with the Top Prize of R30 000.

Our Visual Art Department, however, has been restricted to the campus. The Matric Art Expo is on display at school for about 36 hours at best and many people do not get the opportunity to see the incredible art our learners produce. Our Visual Art department is renowned for producing excellent artists. One of our past learners is Derric van Rensburg, who is internationally known for his superb impressionist paintings and is widely rated as one of South Africa's top artists.

Over coffee one day Mrs Shukla and I decided we needed to take our Matric Art Expo off campus to afford our learners the exposure to a much broader community. The idea has grown and in collaboration with the Blue Route Mall, we now have the opportunity to provide this exposure. We want you to spread the word far and wide, and not only that we want you to go and see our exhibition. In addition to the Matric Art we will also be showcasing some of our grade 10's and 11's work. The reason for this is to provide them with the experience so that they can step up their game for future years. Having one's work showcased to the wider public will bring a greater expectation in the quality of work needed to be world class. Some of our learners are already getting national exposure for their work, so this is not a pipe dream.

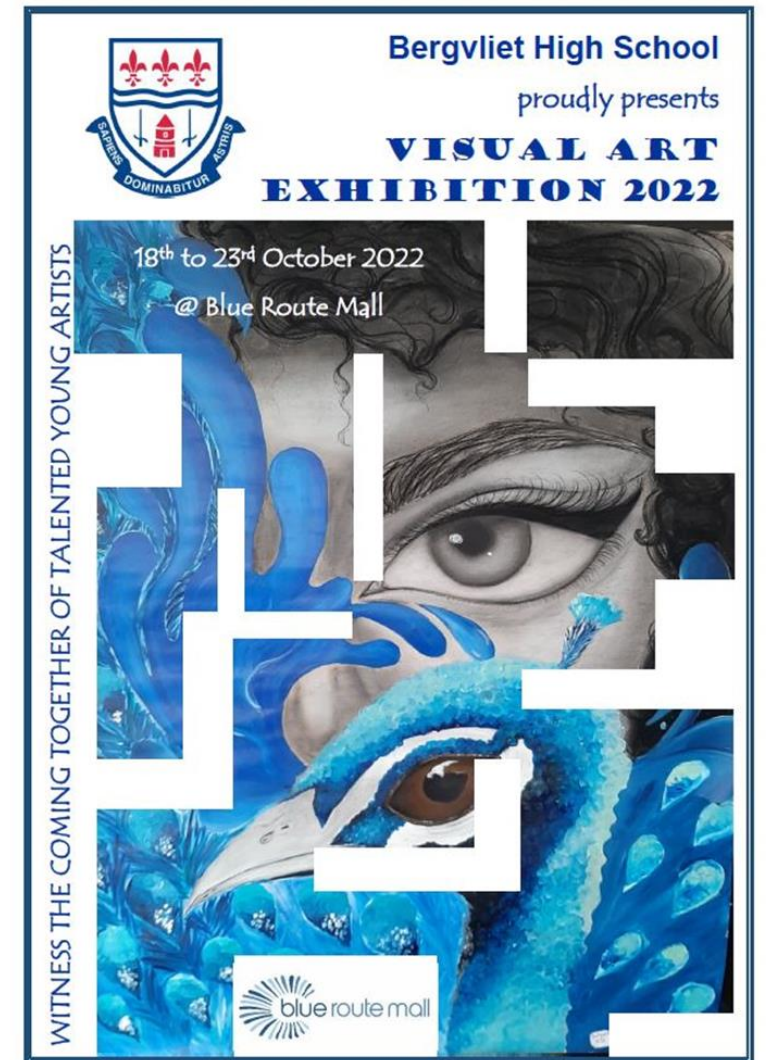

Recently our learners participated in the UCT Irma Stern Museum celebration to re-think and re-interpret the work of Irma Stern and to create an art or design piece of their own. The artwork of 39 learners, from across the Western Cape, was chosen as the best representation of Irma Stern's work, with Bergvliet High being the only school to have the work of 2 learners selected, these learners being Jamie Poggenpoel and Beah Share, with Jamie's work chosen to be featured on the poster for the actual event.

This Matric Visual Art Expo provides the perfect opportunity to showcase this talent. The School has shown the way in providing such an opportunity. We need you to Save the Date and arrive!!!

Two additional attractions available at the Matric Visual Art Expo. On the evening of 18 October, the Art learners will be manning the Spur Shadow Shift at the Blue Mountain Spur in the Mall to raise funds for the Art Department. Why not make it a family outing....come and see the Expo AND then head for supper at the Spur. The second thing is that our Visual Art department's 2023 Calendar will be on sale throughout the exhibition at only R100. This calendar further showcases the work of learners across all grades. Another incredible initiative from our Visual Art department.

See you all there!!

RETHINKING IRMA STERN

The UCT Irma Stern Museum is celebrating its 50th anniversary this year and has partnered with the WCED on a project which introduces the inspiration of Irma Stern art, to school learners in the Province.

All Grade 11 Visual art and design learners were invited to visit the museum or view the website to analyse, re-think and re-interpret the work of Irma Stern and to create an art or design piece of their own.

The artwork of 39 learners were chosen as the best representation of Irma Stern with Bergvliet High being the only school to have the work of 2 learners selected, these learners being Jamie Poggenpoel and Beah Share, with Jamie's work chosen to be featured on the poster for the actual event.

As always we are proud of our learners achievements and compliment them on their amazing work.

The Irma Stein museum is proud to encourage and inspire the next generation of artist and designers.

WOMAN UP DONATE SANITARY PRODUCTS

The Interhouse Pad Drive ran during the month of August. In total, the school collected 822 packs of sanitary products. Aquila led the way with 223 packs and the winning register class was Phoenix Og with a whopping 162 packs!

The sanitary products were donated to a women's organisation called Dews of Quietness. The official handover took place on Sunday the 25th of September.

Woman Up was invited to a luncheon hosted by the Dews of Quietness, in which we presented the sanitary products to the organisation. The handover speech was given by Erin Naylor, our Deputy President.

THANKS FOR BEING A PART OF THE STORY

Update on the 2022 [#ReadDreamRepeat](#) Book collection drive on Mandela Day in July.

With your compassion and generosity we have made an impact where it matters most – our community. Our final book count was 17 362 and we could not have done it without you. We are humbled that 10 more Mitchells.

Plain schools will now be stocked up with books, ensuring our community is empowered to dream even bigger dreams.

A heartfelt thanks from all at Liberty Promenade.

We were really pleased to hold our **ANNUAL GOLF DAY**, which took place at Westlake Golf Course this past Friday the 2nd of September.

A full field of Golfers braced the overcast and coolish conditions, and everyone involved in the day was holding thumbs that the rain that was predicted would hold off. The Golfers arrived to a buzz around the registration and excitement was building. This energy carried through from the first tee time to the last.

A great day out was had by all and this was seen by the smiles and laughs shared in the Clubhouse after their rounds and late into the night after prize giving. I have only received positive feedback, so one can say that everyone who took part in our Golf Day thoroughly enjoyed themselves. I look forward to seeing you all at the next Golf Day.

Days like this cannot take place without the help and support of individuals and sponsors. A big thank you goes out to every single one of them.
